TRIO	\$848.09		\$848.09	\$868.09	\$848.09	\$853.09

¹ This takes into account the proposal to convert Pell Grants to a mandatory spending program.

² The Early Learning Challenge Fund was a proposed, new initiative and has no previous funding history. Included in the House Student Loan Reconciliation Bill (H.R., 3221, "The Student Aid and Fiscal Responsibility Act) is \$1 billion in FY 2010 for the Early Learning Challenge Fund. H.R. 3221 was passed by the House on 9/17/09, but must become federal law before funding is provided.

³ The Conference Report does not provide funding for Early Reading First and Reading First. Instead, the Conference Report provides funding for the Striving Readers program with State subgrants required to be allocated as follows: (1) at least 15 percent to serve children from birth through age five, (2) 40 percent to serve students in kindergarten through grade five, and (3) 40 percent to serve students in middle and high school, through grade 12, including an equitable distribution of funds between middle and high schools.

⁴ Reflecting changes from the 2008 reauthorization of the Higher Education Act, the President's Budget Request replaces the Teacher Quality Enhancement Grants with the Teacher Quality Partnership Program.

⁵ Spending on the AC, SMART and TEACH Grants is mandatory, and left largely unaddressed by the decisions of appropriations committees, much like federal student loan programs. Each of these programs will be operated in such a way that any applicant that satisfies the programs' requirements will receive the aid for which they are eligible.

⁶ Included in the House Student Loan Reconciliation Bill (H.R., 3221, "The Student Aid and Fiscal Responsibility Act) is \$600 million in FY 2010 for the College Access and Completion Fund. H.R. 3221 was passed by the House on 9/17/09, but must become federal law before funding is provided.

⁷ The President's FY2010 Budget Request proposed to convert Pell Grants to a mandatory spending program.
